## STATE DPW HEARING FOR LOWELL STREET DEC. 16

A hundred foot wide "layout" for Lowell Street, with probably an eighty foot wide street, and a proposed full cloverleaf with Interstate Route, will be discussed in a public hearing, to be held in the Herbert C. Barrows Auditorium of Wilmington High School, on December 16th, starting at 8 p.m.

### EDDIE KINNEAR'S THANKSGIVING DINNER

It was the first time in three years that Eddie Kinnear of Crescent Street was to have a Thanksgiving dinner with his parents. It was also his 24th birthday.

Eddie has spent the last 3½ years in the Navy, and this was the first leave he was getting, on the Holiday. He even shaved off his beard the night before, to celebrate.

Thursday morning he went to see the Wilmington - Tewksbury game, and after the game the car in which he was riding started for Tewksbury, before taking him to the home of his parents, Mr. and Mrs. Ralph Kinnear.

On the way to Tewksbury, on Salem Street, there was a head on collision, followed by a second car hitting the car in which Eddie was riding, in the rear.

Eddie ended up with a badly fractured jaw, which had to be wired up. He was first in the Winchester Hospital, and then in the Naval Hospital in Chelsea.

And that's a fine way to spend Thanksgiving Day.

### PROBABLE CAUSE FOUND IN SCHOOL FIREBOMBING

Judge Francis Cullen found probable cause in Woburn District Court Monday morning to send the case of Harold Sennett, 17 of 19 Liberty Street, Wilmington to Superior Court.

Sennett was charged with the willful and malicious destruction of a school building following his arrest November 14 along with five juveniles in connection with the firebombing of the West Intermediate School. The juvenile's cases have all been continued to December 16.

Five of the six youths are from Wilmington while the sixth is from Arlington. They were arrested on warrants by members of the Detective Bureau four days after the incident.

Sgt. Charles Ellsworth reported that Sennett's bail was set at \$5000 by the court pending his appearance in Eastern Middlesex Superior Court.

**RED CROSS TRAINED:** Five of the ladies in the Traffic Department of the Wilmington Police, and three Wilmington policemen received First Aid Certificates, yesterday morning in a brief ceremony in the police station, from the Lowell Chapter of the American Red Cross.

They had taken part in a five week class held at Compugraphic, in Wilmington, conducted by Stephen Ashton and William Burke, of the Greater Lowell Chapter of the Red Cross. Completion of the course enables the officers to administer immediate first aid, in the event of an accident or casualty. The program is under the direction of John Ritchie, Security Officer, and Mrs. Anne Linehan of Radcliff Road, local Red Cross volunteer, and is to be a continuing program.

In front row Joan Bradley, Peggy Perry, Cecile Marini, Beverly Harvey, and Rita Richardson. Behind in the second row are Bernard Nally, Sgt. Jay Palmer and Officer John Ritchie. All participants achieved a score of 98% or better.

### VICKIE FOGG TEACHING AT INDIAN RESERVATION

Miss Victoria Fogg, daughter of Mr. and Mrs. Harrison Fogg of 24 Linda Rd., has been assigned by the U.S. Dept. of the Interior to the Tongue River Indian Reservation at Busby, Montana.

Miss Fogg has been assigned as a teacher at the reservation high school where she will instruct Freshman and Sophomore students as a member of the Mathematics Dept.

She graduated from Wilmington High School with the class of 1966 and from Lowell State Teacher's College last June.

A well-liked member of the Wilmington Public Library staff, for several years, her most recent duties there were with the pre-school story group last summer.

Among her other accomplishments, "Vickie" has been known as an expert archer.

Most of her new classes will be made up of Northern Chyenne Indians whom she will teach Algebra and General Math. She assumed her new duties on Oct. 20.

### SEN. MACKENZIE FILES PRIMARY VOTING DAY BILL

The fast growing number of Mass. voters registered as Independents, those who prefer non-identity with a political party, would be able to vote in a primary without "sacrificing their independence even for a day" under a bill filed recently by Senator Ronald C. MacKenzie of Burlington.

Under the revision of the election laws he proposes, all the parties and nominees would be on a single ballot, with, of course, the opportunity for "cross party" voting. And, the Independents (currently 35 percent of the Commonwealth's voters) would not have to declare for a party before voting, thus obviating the necessity of going to the Registrar of Voter's offices to change back to the "non-identity status."

### PRECANCELED POSTAGE STAMPS FOR CHRISTMAS

In New England this year, there will be a market test of precanceled Christmas postage stamps, announced Postmaster Ritchie.

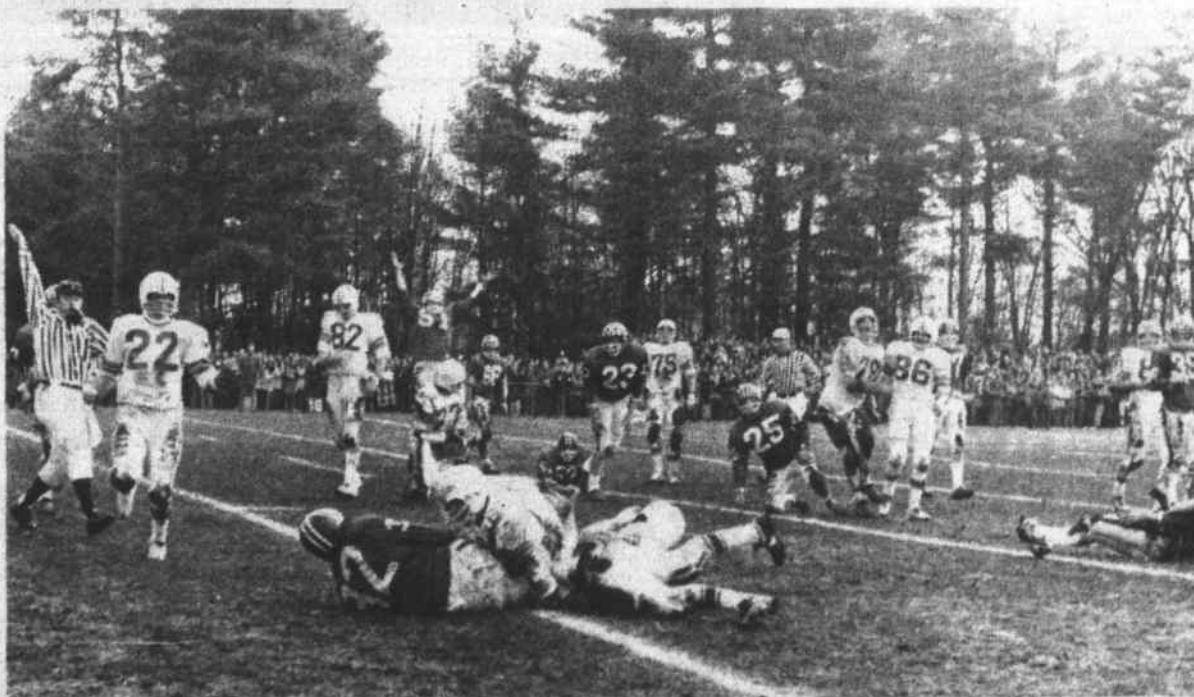

Success of the plan hinges on the cooperation of postal patrons in bundling and labeling "out of town" and "local" mail that carried the precanceled stamp. This separate mail bypasses the canceling machines.

Customers will be advised at the time of purchase that precanceled 1970 postage stamps will not be valid postage for mailing purposes after January 31, 1971. Customers having these on hand after January 31 may exchange them at stamp windows designated by local postmasters. The program is a result of tests made last year in New Haven, Connecticut, Baltimore, Maryland, Memphis, Tennessee and Atlanta, Georgia.

They will be issued November 5 with first day ceremonies in Washington D.C. Five different stamps will be issued. Four, printed on the same sheet, reproduce antique toys. The fifth is a reproduction of "The Nativity" by Lorenzo Lotto a painting that hangs in the National Gallery of Art.

Collectors desiring first day cancellations may send addressed envelope together with remittance to cover cost of stamps to the Postmaster, Washington D.C. 20013. Both the non-precanceled and precanceled stamps will be available for the first day cancellation.

## The Frosting on the Cake

**ESPOSITO'S LAST TOUCHDOWN:** On Thanksgiving Day was the Frosting on the Cake of his high school football career. This was the TD that broke the all-time Massachusetts record for one individual scoring in one season, the third record which Esposito broke during the 1970 football season.

Esposito is shown after having been tackled by Tewksbury's Hanley, co-captain. Wilmington players visible in the picture are Bob Gillis, 51; Mike Curran, 66; Alan Jansen, 52; John Gillis, 23; Rick Smallidge, 25; Bill Gustus, 17; Dick Gillis, and Steve Halloway, 65, on the ground.

# Planning Board Meeting

A proposed budget for 1971 of \$31,000 was submitted Tuesday night by Chairman Bill Hooper to the members of the Planning Board for their consideration.

The first-draft budget request represents a 25 per cent increase over the past year's Planning Board figure of \$24,500.

The Board members also talked about ways of committing leftover funds from this year's Professional Services account, a matter of \$2,500.

They agreed that the money should be committed so that it will be carried over into next year's budget and not be returned to the General Fund, although it was not decided how to implement the plan.

Discussion of the budget between the Board and the Finance Committee will take place next Wednesday in the office of the Town Manager. Due date for budget requests is December 20 in preparation for the March Town Meeting.

The Board's scheduled meeting with Robert Fields of the Ipswich River Flood Plain Study and other Town officials was postponed two weeks to December 15 at the request of Fields.

Mort Grant, secretary of the Planning Board, reported that Fields had asked for the postponement so he could have a member of the Army Corps of Engineers on hand for the discussions.

The study was requested of the Corps of Engineers in 1967 by the Town Manager, Sterling Morris and the Planning Board, and the results of the surveys are to be incorporated into the Master Plan 701. The purpose of the study is to gather information and recommendations which would be of aid in dealing with flood problems in this area.

According to the application form the project was to include surveys of Lubbers Brook and Maple Meadow Brook, both tributaries of the Ipswich River. The Town agreed to supply such services as surveying, drafting, flood history research and other engineering services as prescribed by the Army.

The problem which caused the Planning Board to set up the meeting involves surveys being conducted by the Army of Mill Brook as well as the others. The

Board is questioning the necessity of including Mill Brook, smallest of the three tributaries, in the Flood Plain Study.

The matter was brought to the Board's attention last week by Prof. Charles Eliot, planning consultant.

A copy of a letter to Town Counsel Alan Altman from Atty. Thomas Kneeland asking the former to advise the Selectmen to reconsider their recent Burger Chef decision was read to the Board by Mort Grant.

The attorney, representing General Foods Corp., owners of Burger Chef Restaurants, wrote that the Board of Selectmen had no legal right to withhold a victualer's license from David Piper of Billerica for a restaurant to be located on Main Street.

The letter said that the Selectmen were holding a "mistaken impression" about the authority granted them as noted in Chapter 41 of the Town By-Laws. This is a reference to the Selectmen's motion to table the request for a victualer's license November 8, pending the outcome of the Town Meeting.

The attorney noted that the Planning Board had signed the sub-division plan submitted by Burger Chef two months ago for land near Wallace Motors on Main Street. In conclusion he asked Altman to attend the next Selectmen's meeting and to then advise them to issue the license.

The members of the Planning Board expressed interest in the letter, but there was little to no discussion on it.

Town Engineer Arthur Harding submitted a land plan for the Water Commissioners which was endorsed by the Board.

The plan of land, surveyed for recording purposes, included the Salem Street wellfield, 41.2 acres, and the adjacent Conservation Commission land, 17.3 acres, for a total of 58.5 acres of Town-owned property.

The two plots are located south of Salem Street between Hathaway Acres and the North Reading Line.

Dennis Hazam submitted a list of streets with identical sounding names which the Board will seek to have changed. The list included such streets as Grant and Brand, Harden and Harding, Beech and Beeching, and Park and Parker.

The necessity for changing the names was explained by Dan Gillis who said that confusion over sound-alike streets has resulted in at least one house burning down because the fire department was sent to the wrong street.

The process involved in changing street names is to be discussed with Town Counsel.

## INSURANCE INSIGHTS

By Lloyd Bender

### Insurance Origins

What is the origin of insurance protection?

The origin of property insurance can be traced back for centuries. Records show that primitive systems for protecting man from loss existed 4,500 years ago!

The beginnings of insurance can be traced wherever men lived and traded.

One of the first types of insurance to be used was marine insurance. As early as 300 A.D. the Greeks realized the need for protection from loss due to sea perils.

The history of modern fire insurance dates from the London fire in September, 1666. Flames raged for five days. destroying the entire city.

Out of this catastrophe came the first practical working of fire insurance. Dr. Nicholas Barbon decided to establish an office devoted to fire insurance. His was a one-man enterprise offering to home and business urance could be provided successfully.

The wedding took place at the United Church of Andover in Ballardvale with Rev. Charles Fowlie and Rev. Malloy officiating.

Following the ceremony a reception was held at Briarcliff Hall, Andover.

The bride's gown was of Chantilly lace with the neckline, sleeves, hem and cathedral train edged in pleated chiffon. The empire bodice was embroidered with rhinestones and seed pearls. Her veil of silk illusion was held in place by a headpiece of lace and seed pearls. She carried a cascade of white roses and camellias.

Serving as bridesmaids were: Rosemary Marino of Gloucester, Barbara Phillips of Wakefield, Linda Galvin of Wilmington and Gail Coles of Plaistow, N.H.

The bridesmaids wore gowns of two-toned green with scoop neck-

lines and bodices of cut velvet, featuring crepe skirts having a floating back panel with velvet and crepe accented by a large Dior bow. They carried nose-gays of pink and green carnations.

Nancy Phillips of Wilmington and Debbie Tobey of Andover acted as flower girls in gowns of pink and burgundy and carried baskets of pink carnations with burgundy streamers.

## Carrasco - Fullerton Nuptials

Miss Linda Marie Carrasco, daughter of Mr. and Mrs. Fructuoso T. Carrasco of 29 Adams St., became the bride of Paul Francis Fullerton, son of Mr. and Mrs. John J. Fullerton of 20 Main St. on October 10.

The 5 p.m. ceremony was performed by Rev. H. Allen Tadgill at the Congregational Church.

Following the ceremony, a reception was held at the Hillview Country Club in No. Reading where Miss Judith Jambross of Lowell was in charge of the

guest book.

Given in marriage by her father, the bride wore a gown of peau de soie with an empire waist and long sleeves of alencon lace. The gown and train were adorned with floral appliques. Her silk illusion veil was held in place by a cluster of peau de soie petals and floral appliques. She carried a bouquet of white carnations, stephanotis and ivy.

Mrs. Carol Trout of Wilmington served her sister as matron-of-honor in a gown of light orchid satin with empire waist and long, ivory colored sleeves of alencon lace. She wore a camelot velvet headpiece with a veil and carried a bouquet of purple and gold chrysanthemums.

Serving as bridesmaids were: Miss Glee Corsetti, Miss Peggy Mahoney, Miss Kathy Ross, Miss Polly Currier, Miss Maureen Fullerton and Gale Fullerton, all of Wilmington.

Their gowns and headpieces were identical to that worn by the matron-of-honor except in a darker shade of orchid. They also carried bouquets of purple and gold chrysanthemums.

Mr. Walter Fullerton of Wilmington served his brother as best man while ushering duties were in charge of Mr. Eugene Trout, Mr. Edward Carrasco, Mr. Charles Sicard, Mr. Charles Medico, Mr. Ronald Kauffman and Mr. Thomas Hamilton.

Mrs. Carrasco chose for her daughter's wedding a lovely shade of pink. She wore a corsage of

pink roses.

The mother of the groom was attired in blue, set off by a corsage of pink roses.

The new Mrs. Fullerton is a 1970 graduate of Wilmington High School. Mr. Fullerton also graduated from Wilmington High School in 1968.

Following a wedding trip to Niagara Falls, the couple will reside at 1 Beverly Ave., Wilmington.

### SHAWSHEEN TECH STUDENTS VISIT MUSEUM EXHIBIT

A replica of the Gutenberg press in operation and the possibility of acquiring a reproduction of a page from the Bible Gutenberg printed 500 years ago are highlights of a new exhibit at Boston's Museum of Science.

Recently, students from the Technical Illustrating Classes at Shawsheen Valley Technical High School visited the Museum to view the unique exhibit.

### MEN VS. DONKEYS IN LAUGH CONTEST

Men versus Donkeys. That's right - men versus donkeys. The donkey basketball game scheduled at Wilmington High on Friday, Dec. 11 at 7:30 p.m. will pit the faculty against the students in a game that will be filled with laffs, thrills, spills and fun galore. We say "men versus donkeys", because players on both teams will have their problems moving the stubborn donkeys toward the basket. They'll have trouble staying on the donkeys from time to time.

Of course, this will bring much laughter to the fans. Donkey basketball has often been called the "Craziest Show on Earth". It combines the circus, the rodeo, and basketball. It is a source of laughter from the time the players attempt to climb on the donkeys until the final whistle sounds.

New cowboy stars will be born during the game. Out of nowhere will come new heroes of the circus worlds. Of course, the new-found srats will only be the local riders, but the thrills they give the fans are not to be forgotten. You will want to bring the whole family to this fun-filled evening.

The donkeys are owned by Shaw Bros. Sports, Inc., of Sayre, Pa. This assures the fans of a quality show, for the Shaw Brothers are leaders in the sports entertainment field, with such fine shows as the Harlem Astronauts, Arkansas Lassies and others that are well-known in this area.

Advance tickets are now available at: North and West Intermediate Schools and in the High School Conference Room. Students advance .75, adults advance 1.00.

Buy your ticket in advance and save .25. Tickets will be available at the door, but at a price .25 higher.

**EMERALDS**

Emeralds are among the most expensive of gems. The depth of their green determines to some extent their value.

The most important mines are at Muzo in the Republic of Colombia, South America. The Incas knew of them and possessed fortunes in emeralds.

The Spaniards discovered some of the mines in 1558 after a long and diligent search. They had already plundered the magnificent Inca emeralds, but wanted the mines. The largest and most valuable emeralds are to be found there.

Emeralds also come from the Ural Mountains of Russia, Egypt and India. Not too long ago emeralds were found in Rhodesia. Rarely are gem stones

found in Europe.

The emerald, with its rich, green color is a jewel to excite any woman. It is truly an outstandingly beautiful gem to admire - and to own. Do you want one?

**5000 Year Old Arrowheads****Wilmington Women's  
Club donated  
Exhibit Case**

Mrs. Penny Dettmar of Burlington, part time Library Assistant, and a student at Simmons, is shown arranging the Indian artifacts in the exhibition case donated by the Wilmington Women's Club.

A collection of Indian artifacts, donated to the Wilmington Public Library by the publisher of the Town Crier, has now been placed in an Exhibit Case which was donated to the Library by the

ladies of the Wilmington Women's Club. The new exhibit case with contents has been placed on the main floor where it can be readily seen by visitors.

The artifacts, some of which are

dated at or about 4000 BC, were all found in Wilmington by the publisher. Most of them were found on Buck's Hill, near the site of the Wildwood School.

Mrs. Penny Dettmar of Burlington, a part time Library employee, and student at Simmons College for a degree in Library Science is in charge of the exhibit. She made arrangements for Capt. Neilson's collection to be evaluated by Mrs. Dena Ferran Dincanze, of the Peabody Museum of Harvard University.

Some of the artifacts have been dated by Mrs. Dincanze as being about 5000 years old. Others are of a period of about 2190 BC, while others are of the Late Woodland period, so called, just before the arrival of the white race.

Mrs. Dincanze's evaluation tends to confirm the theory long held by the publisher of the Town Crier that the field below the Wildwood School was cultivated for thousands of years, before the arrival of the Buck Family in Wilmington in 1670-71.

**REDUCED OR FREE  
LUNCH PROGRAM**

The Wilmington Public Schools as a part of its regular lunch program, provided lunches at a reduced price or free to students who are unable to pay the full price. The following income scale will be used to determine which children are eligible to receive free or reduced price lunches:

Size of Family	Annual Income
1	\$1920
2	2832
3	3507
4	4182
5	4857
6	5534
7	6209
8	6885
9	7559
10	8235

For each person over 10 in the family add \$675.

Criteria for determining eligibility of children for free or reduced price lunches will be:

A. All children in families wherein the children or children's parents receive public assistance from any federal-state welfare program such as Aid to Families with Dependent Children, General Relief, etc., also children from other families comparable income levels at or below the established guidelines, shall be eligible automatically for a free meal upon application.

B. Children from families with income above the level of the family size income scale established by the Department of Education will be provided free or reduced price lunches if in the judgment of local school officials the families have special circumstances warranting such action.

C. Other children who in the judgment of appropriate school or health officials have unmet nutritional needs will also be provided a free or reduced meal.

Unusual circumstances such as illness or death in the family, temporary disability and seasonal unemployment are also taken into account when determining eligibility.

The schools will make every effort to insure that the children do not know who is paying and who is receiving a free meal.

Parents who feel that their children are eligible should apply. Application forms will be sent to each parent, and are available in the school office of each participating school. If your application is denied, an appeal can be made to: Walter H. Pierce, Superintendent of Schools, 159 Church St.

These schools participate in this program: High School, North and West Intermediate Schools, Buzzell, Swain, Walker, Whitefield, Wildwood, Shawshen, Woburn St., and Glen Rd. Schools.

The district's complete policy concerning reduced price and free meals may be reviewed in the Superintendent's office.

# Chargers in Bowl Win

The Wilmington Pop Warner Chargers scored an impressive 20-0 win over the Staten Island Smitty's Sports last Saturday afternoon in the 13th Annual Statue of Liberty Memorial Bowl game.

The invitational affair took place at Hy Turkin Field before some 700 fans on an overcast day with a threat of rain in the air.

The Chargers took the opening kickoff, following Carl Butler's return of nine yards from the Wilmington 28 on their own 37, and marched to Smitty's 23 before being halted.

Neither team was able to put any sustained drive together as each squad was stopped by the other's defense. Late in the period, Staten Island was forced into a 4th and 15 from their own 30 and on the punting situation a bad snap from center forced Gerald Martin Smitty's punter, to fall on the errant pass on his own 10 yard line.

Given a golden opportunity, the Chargers had an apparent "td" on the first play by Butler nullified by a procedure penalty. With a 1st and goal from the 15 the Chargers were not to be denied, however as Bob Bavota broke off right tackle behind the blocking of Bob Dorval for the initial score of the game. Butler's rush for the extra points failed and at 6:55 of the first period, Wilmington was on top, 6-0.

On the ensuing kickoff, Staten Island, with an excellent return of 11 yards by Chris Poje, set up on their own 21. Four running plays moved the ball up to the 33 but on a second down play, Cicero was thrown for a five yard loss by Bavota and Krasznecwicz. After an incomplete pass on a third and 14 situation, Staten Island was forced to punt.

The Chargers took over at their own 31 following Martin's 21 yard kick and on the initial play from scrimmage scored again. Carl Butler broke off right tackle cut to the outside a midfield and out raced the Staten Island secondary for a 49 yard run and the Chargers second "td". The conversion attempt failed and at the end of the first period Wilmington led, 12-0.

In the second stanza there was no scoring with Staten Island controlling the ball, 19 plays compared to Wilmington's 8. During one stretch in the period, Smitty's ran the ball twelve plays consuming some six minutes moving from their own 30 to the Chargers 23 before being pushed back for losses of 6, 6, and 4 by the Wilmington defensive line.

Late in the period, Bob Marlborough, who played well all afternoon for Smitty's blocked a Butler punt at the Chargers 24 but time ran out on Staten Island before they were able to take advantage of the break.

In the third period the Chargers moved down field on two occasions, once to the 18 and another time to the 27 only to have their attack bog down. Meanwhile Coach Feaser's eleven on it's two opportunity's were unable to move beyond the Charger's 36.

Late in the period with the Chargers on the Staten Island 27, a third won pass play Hurley to Bavota went astray as Smitty's John Bosco stepped in front of Bavota at the 27 and picked off the pass and streaked down the sideline for an apparent score only to have Wilmington's Jack Moran catch him from behind at the Charger's 20 yard line.

Two running plays and a Wilmington offside penalty moved the ball to the 9 but four straight running plays lost yardage. With excellent defensive plays by Kraz, Peterson and Dorval, the Staten Island Squad ended up by losing 16 yards in the four plays and the Chargers took over at their own 25. In six plays Wilmington ad-

vanced the ball to the Smitty's 12 on some excellent running by Butler who carried the ball five straight times, the longest being 32 yards. But a delay of game penalty forced the Chargers into a 4th and 6 and on the final play of the drive, a Hurly to Moran aerial went incomplete.

The Chargers defense really dug in on the next series of downs as they pushed Staten Island back to their own 1. Martin's excellent punt from deep in his own end zone carried out to the Smitty 31. It took the Chargers only four plays to score with Bavota sweeping left end from 16 yards out for his second "td" of the game. Jack Moran's rush for the extra points was successful and at 6:45 of the final stanza, Wilmington led 20-0.

Following Butler's kickoff, Staten Island took over at their own 19. At this point in the game Coach Barry put the second defensive unit into the ball game. Smitty's moved the ball on a pair of pass completions to the Wilmington 35 before being stopped by an interception by Chris DiCecca. A Martin to Poje aerial was picked off by DiCecca at the 22 and returned to the Staten Island 27.

The second offensive unit led by Tom Buckley and John Giotti, ran the clock out and the Chargers maintained their mastery over their Staten Island opponents.

Points after.....an excellent pre-game show was put on by the 11th Battalion Sea Cadets. The group was led by Band Officer, Lt. Patricia Rowan. The boys and girls in the band rang in ages from 9-17 and really entertained the crowd with some fine musical selections. The name of the bowl game was changed this season in honor of the young men, now deceased who played in the Staten Island Pee Wee Football League during the

past twelve years. Awards were presented at a local restaurant Saturday night to Wilmington's Carl Butler, for his outstanding offensive play; Bob Bavota, defensive play and to Bob Dorval, selected as the outstanding lineman. Staten Island's outstanding players were: Tom Feaser, defensive play; John Bosco, offensive and Bob Marlborough, line play. The Chargers defensive unit led by Kraz, Dorval, Styles, Peterson, McLain and Mullarky, held Smitty's to minus nine yards rushing and only 52 yards passing.

Coverage under Medicare often becomes complicated. For example:

You become ill and are hospitalized for 30 days. You return home. Ten days later, you suffer a relapse. You need not wait 60 days...which is the required amount of time between two different illnesses...before Medicare benefits recommence.

The plan will pay the costs of the next 30 days of hospital treatment, since you are still technically within the same spell of illness. You will share the cost of the additional 30 days. You would also be entitled to benefit payments of 100 days of treatment in a nursing home.

Too complicated? If you are confused, get in touch with your local Social Security offices.

There are medications for colds and flu. Rely on those serving you at SILVER LAKE PHARMACY, 52 Main St., Tel. 658-4617. Open EVERY day Whitman and Candy Cupboard Candies. Cosmetics ideal for Xmas gifts.

**Helpful Hint:** Under the hospitalization of Medicare, you will be notified whenever the Government's share of the cost is paid.

Rattling windows are a problem all through the year and all over the country.

If your double hung windows continue to rattle even when locked, try driving two or three large rubber-headed tacks or rubber bumpers against the bottom edge of the lower sash.

When the window is closed, these will absorb the vibration and will take up the slack when the sash lock is closed so that sufficient pressure is maintained to prevent looseness.

Your windows will be silent regardless of the weather.

While the cold weather keeps us from outside activities it's a perfect time to fix up the inside. See the complete line of Weldwood Paneling at A.B. SWEZEY, INC., 615 Main St., 658-2051. ## BASIC PHOTOGRAPHY IN THE NORTH SCHOOL

A photography club has been started in the North Intermediate School. The club is a part of a special program area within the Art Club.

Students, with the assistance of Mrs. Adam in the Art Department, and Daniel Spriggs in the Science Department have undertaken a six to eight week course in basic photographic techniques. All the equipment which is required of the students is a simple camera, and two rolls of black and white film.

At the time the pictures exhibited on this page were taken the students had had three meetings. In the first they took pictures around the school area. In the second and third meetings they studied miniature prints from their own negatives, and viewed slides on 'Snapshot Technology' provided by the Eastman Kodak Company.

The club members viewed 8 x 10 enlargements of their pictures at the fourth meeting. In the pictures to follow, the pupils plant to improve picture taking habits, to take creative photos, to become more critically aware of the makings of a good photograph, and to learn the developing and printing processes of pictures.

Members of the club are: William Anderson, Matt Cantrell, Peter Cantrell, Janet Gianfriddo, Michelle Gionfriddo, Dana Howe, Shelly Hughes, Scott Johnson, Debbie Lucci, Keven McFarland, Pat Pilla, Joseph Shibilis, Nancy Sullivan, Heather Tadgell, Stephen Tshihlis and Mark Wagstaff.

**Bausch & Lomb Medal will go to  
Jonathan Hayward**

Jonathan Hayward, son of Mr. and Mrs. John G. Hayward of Middlesex Avenue has been chosen to be the recipient of the Bausch & Lomb Honorary Science Award this year. The award is a beautiful bronze medal, given each year in Wilmington and other High Schools through the country.

The award is especially significant because it recognizes a senior with the highest scholastic standing in science in the four years of High School.

Jonathan is now eligible to compete for a four year Bausch & Lomb Science Scholarship at the University of Rochester, N.Y.

The winners are selected on merit.

#### LITTLE JACKIE

You think I'm a hard-boiled copper  
Writing tickets at forty-three.  
Well, perhaps I'm thinking of Jackie  
And all that lad meant to me.

How's that? Tell you all about it:  
Well, stranger, the boy was my son.  
God, what I'd give to hear "Daddy"  
Once more when the day's work is done

The driver was just in a hurry:  
He didn't mean any harm.  
But the sun and stars quit shining  
When I picked up my boys lifeless form  
Well, mister, I'll not give you a ticket:  
I don't want to pinch anyone.  
But I'd ride this cycle through Hell  
To protect another man's son.

So the next time you feel like speeding  
Or passing a boulevard stop,  
Just pause and remember my Jackie,  
The son of a hard boiled cop.

the late Officer George Fuller)

**Measure Before You Buy**

Do you have a prized possession you cannot live without?

If you do, make sure it will fit in the new house before you buy. This will save both heartbreak and strain on the wallet. Be sure of the measurements of the piece you must take with you and check while you're looking.

Families have gone to great expense to pay for tearing down a wall of windows to move in a grand piano they felt was a necessity.

It may even be that such a modern necessity as a refrigerator will not go through a kitchen door of an older house. The freezer or washing machine you hoped to put in the basement may not make it down the stairs.

A tape measure or yardstick may be your best friend when you're house hunting.
